German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly curses Coughs Colds and all lung troubles of the seversat nature, removing and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has about the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschie's German Syrup was introduced in the United States in 1889, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough.
